Dear George Lonergan, 2/3/94

In response to your letter forwarded by AARC, I do not have pictures of any of the six men you list. Some at least should be available from the newspicture agencies.

Of the pictures you sent, all of which I return herewith, the one I am positiive I saw often and am inclined to believe is Charles Brehm, got much attention through Jim Garrison.

I also return herewith both of your checks.

Sorry I cannot be more helpful,

Sincerely,

Harold Weisberg
